THE UNITED STATES OF AMERICA,

To all to whom these presents shall come,

GREETING:-

WHEREAS, in pursuance of the provisions of the Revised Statutes of the United States, Chapter six, Title thirty-two, and legislation supplemental thereto, there have been deposited in the General Land Office of the United States the Plat and Field Notes of Survey, and the Certificate, No. 0361, of the Register of the Land Office at Coeur d' Alene, in the State of Idaho, accompanied by other evidence, whereby it appears that JOHN A. FINCH and FRANK P. MARKWELL did, on the eighteenth day of December, A.D. 1908, duly enter and pay for that certain mining claim or premises, known as the

Silver Bell and Coeur d' Alene Pilot lode mining claims, designated by the Surveyor General as Survey No. 2237, embracing a portion of the unsurveyed public domain, in the Lelande Mining District, in the County of Shoshone, and State of Idaho, in the District of Lands subject to sale at Coeur d' Alene, and bounded, described, and platted as follows, with magnetic variation twenty-two degrees east:-

Beginning, for the description of the Silver Bell lode claim, at corner No. 1, a pine post four and one-half feet long, marked 1 - 2237, in mound of earth, from which U.S. Mineral Monument No. 2 bears north twelve degrees, twenty-one minutes, thirty seconds east one thousand three hundred forty-four and two-tenths feet distant;

Thence, first course, south eleven degrees, thirty-nine minutes west six hundred feet to corner No. 2, a pine post six inches square, four and one-half feet long, marked 2 - 2237, in mound of earth and rock;

Thence, second course, north eighty-three degrees, seventeen minutes west one thousand one hundred thirty-nine and nine-tenths feet to corner No. 3, a fir post five inches square, three and one-half feet above ground, marked 3 - 2237, in mound of earth and rock;

Thence, third course, north eleven degrees, thirty-nine minutes east sixty-one and eight-tenths feet to a point from which discovery out bears north eighty-five degrees, ten minutes east one hundred twenty-five feet distant; one hundred eighty-four and ninety-two-hundredths feet intersect line 3 - 4 of Survey No. 1985, the South Gem lode claim, at south forty-nine degrees, twenty-seven minutes west one hundred sixty and sixty-two-hundredths feet from corner No. 4; three hundred forty-six and seven-tenths feet to corner No. 4, a fir post six inches square, four and one-half feet long, marked 4 - 2237, in mound of earth;

Thence, fourth course, north eighty-four degrees, twenty-seven minutes, thirty-four seconds east fifty-five and seventy-three-hundredths feet intersect line 4 - 1 of said Survey No. 1985, at north twenty-nine degrees, forty-three minutes west sixty-eight and four-tenths feet from corner No. 4; one thousand one hundred eighty-eight and eight-tenths feet to corner No. 1, the place of beginning; the survey of the lode claim, as above described, extending one thousand one hundred eighty-four and four-tenths feet in length along said Silver Bell vein or lode;

Beginning, for the description of the Coeur d' Alene Pilot lode claim, at corner No. 1, a pine post eight inches square, four and one-fourth feet long, marked 1 - 2237, in mound of earth, from which said U.S. Mineral Monument No. 2 bears north twelve degrees, twenty-eight minutes, thirty seconds east one thousand one hundred fifty-four feet distant;

Thence, first course, north eighty-four degrees, nine minutes, thirty seconds east one thousand four hundred thirty-two and seven-tenths feet to corner No. 2, a fir post six inches square, four and one-half feet long, marked 2 - 2237, in mound of earth;

Thence, second course, south eleven degrees, thirty-nine minutes west three hundred feet to a point from which discovery shaft bears south eighty-seven degrees, nine minutes west nine hundred fifteen feet distant; six hundred feet to corner No. 3, a tamarack post six inches square, four and one-half feet long, marked 3 - 2237, in mound of earth;

Thence, third course, south eighty-seven degrees, eight minutes, fifty-five seconds west one thousand four hundred eleven and four-tenths feet to corner No. 4, a fir post six inches square, four and one-half feet long, marked 4 - 2237, in mound of stone; situate on line 1 - 2 of said Silver Bell lode claim;

Thence, fourth course, north eleven degrees, thirty-nine minutes east five hundred twenty-two and eight-tenths feet to corner No. 1, the place of beginning; the survey of the lode claim, as above described, extending one thousand four hundred eleven and four-tenths feet in length along said Coeur d'Alene Pilot vein or lode;— expressly excepting and excluding from these presents all that portion of the ground hereinbefore described, embraced in said mining claim, or Survey No. 1985, and also all veins, lodes, and ledges throughout their entire depth, the tops or apexes of which lie inside of such excluded ground; the premises herein granted containing twenty-nine and seven-hundred-twenty-nine-thousandths acres, more or less:

NOW KNOW YE, that there is, therefore, hereby granted by the UNITED STATES unto the said John A. Finch and Frank P. Maxwell, and to their heirs and assigns, the said mining premises hereinbefore described, and not expressly excepted from these presents, and all that portion of the said Silver Bell and Coeur d'Alene Pilot veins, lodes, or ledges, and of all other veins, lodes, and ledges, throughout their entire depth, the tops or apexes of which lie inside of the surface boundary lines of said granted premises in said Survey No. 2237, extended downward vertically, although such veins, lodes, or ledges in their downward course may so far depart from a perpendicular as to extend outside the vertical side lines of said premises: Provided, that the right of possession to such outside parts of said veins, lodes, or ledges, shall be confined to such portions thereof as lie between vertical planes drawn downward through the end lines of said Survey No. 2237, so continued in their own direction that such planes will intersect such exterior parts of said veins, lodes, or ledges: And provided further, that nothing herein contained shall authorize the grantees herein to enter upon the surface of a claim owned or possessed by another.

TO HAVE AND TO HOLD said mining premises, together with all the rights, privileges, immunities, and appurtenances, of whatsoever nature, thereunto belonging, unto the said grantees above named, and to their heirs and assigns, forever; subject, nevertheless, to the above mentioned and to the following conditions and stipulations:—

First. That the premises hereby granted, with the exception of the surface, may be entered by the proprietor of any other vein, lode, or ledge, the top or apex of which lies outside of the boundary of said granted premises, should the same, in its dip, be found to penetrate, intersect, or extend into said premises, for the purpose of extracting and removing the ore from such other vein, lode, or ledge.

Second. That the premises hereby granted shall be held subject to any vested and accrued water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs used in connection with such water rights, as may be recognized and acknowledged by the local laws, customs, and decisions of the courts. And there is reserved from the lands hereby granted, a right of way thereon for ditches or canals constructed by the authority of the United States.

Third. That, in the absence of necessary legislation by Congress, the Legislature of Idaho may provide rules for working the mining claim or premises hereby granted, involving easements, drainage, and other necessary means to its complete development.

IN TESTIMONY WHEREOF I, William H. Taft, President of the United States of America, have caused these letters to be made Patent, and the seal of the General Land Office to be hereunto affixed.

GIVEN under my hand, at the City of Washington, the twenty-eighth day of September, in the year of our lord one thousand nine hundred and nine, and of the Independence of the United States the one hundred and thirty-fourth.

ALEXANDER MURPHY and FRANK P. MARKWELL and to their heirs and assigns, the said mining premises hereinbefore described and not expressly excepted from these presents, and all that portion of the said Fuller and You Like No.2 veins, lodes or ledges and of all other veins, lodes and ledges throughout their entire depth, the tops or apexes of which lie inside of the surface boundary lines of said granted premises in said Survey No.2285, extended downward vertically, although such veins, lodes or ledges in their downward course may so far depart from a perpendicular as to extend outside the vertical side lines of said premises; Provided, that the right of possession to such outside parts of said veins, lodes or ledges shall be confined to such portions thereof as lie between vertical planes drawn downward through the end lines of said Survey No.2285, so continued in their own direction that such planes will intresect such exterior parts of said veins, lodes or ledges; And provided further that nothing herein contained shall authorize the grantees herein to enter upon the surface of a claim owned or possessed by another.

TO HAVE AND TO HOLD said mining premises, together with all the rights, privileges, immunities and appurtenances of whatsoever nature thereunto belonging unto the said grantees above named and to their heirs and assigns forever; subject nevertheless, to the above mentioned and to the following conditions and stipulations;

FIRST: That the premises hereby granted, with the exception of the surface, may be entered by the proprietor of any other vein, lode or ledge, the top or apex of which lies outside of the boundary of said granted premises, should the same in its dip be found to penetrate, intersect or extend into said premises, for the purpose of extracting and removing the ore from such other vein, lode or ledge.

SECOND: That the premises hereby granted shall be held subject to any vested and accrued water rights for mining, agricultural, manufacturing or other purposes, and rights to ditches and reservoirs used in connection with such water rights as may be recognized and acknowledged by the local laws, customs and decisions of the courts. And there is reserved from the lands hereby granted a right of way thereon for ditches or canals constructed by the authority of the United States.

THIRD: That in the absence of necessary legislation by Congress, the Legislature of Idaho may provide rules for working the mining claim or premises hereby granted, involving easements, drainage and other necessary means to its complete development.

IN TESTIMONY WHEREOF, I, Theodore Roosevelt, President of the United States of America have caused these letters to be made Patent and the seal of the General Land Office to be hereunto affixed.

No. 592.

THE UNITED STATES OF AMERICA,

To all to whom these presents shall come,

Greeting:

WHEREAS, In pursuance of the provisions of the Revised Statutes of the United States, Chapter Six, Title Thirty-two, and legislation supplemental thereto, there have been deposited in the General Land Office of the United States the Plat and Field Notes of survey and the Certificate, No. 592, of the Register of the Land Office at Coeur d'Alene in the State of Idaho, accompanied by other evidence whereby it appears that the Pacific Mining and Milling Company did, on the thirty-first day of December, A. D. 1907, duly enter and pay for that certain mining claim or premises, known as the Maggie M. Group, consisting of the Maggie M., 98 Fraction, and New York lode mining claims, designated by the Surveyor General as Survey No. 2287, embracing a portion of the unsurveyed public domain, in the Leland Mining District, in the County of Shoshone and State of Idaho, in the District of Lands subject to sale at Coeur d'Alene, and bounded, described, and platted as follows, with magnetic variation twenty-two degrees east:

Beginning, for the description of the Maggie M. lode claim, at corner No. 1, a tamarack post four and one-half inches square, four feet long, marked 1 - 2 - 2287, in mound of earth and stone, situate on line 2 - 3, the north side line, of Survey No. 2285, the Buller lode claim, from which corner No. 2 bears north seventy-four degrees, forty-nine minutes west two hundred ten and six-tenths feet distant, the north quarter corner of Section twenty-five Township forty-eight north of Range four east of the Boise Meridian bears south fifty-three degrees, thirty-seven minutes, thirty seconds west seven thousand twenty-one and twenty-two-hundredths feet distant, and discovery bears north seventy-five degrees, ten minutes east five hundred eighty and seventy-three-hundredths feet distant;

Thence, first course, south seventy-four degrees, forty-nine minutes east one thousand two hundred forty-nine feet to corner No. 3 of said Survey No. 2285; one thousand four hundred ninety-nine and five-tenths feet to corner No. 2, a tamarack post five inches square, four and one-half feet long, marked 2 - 2287, in mound of earth and stone;

Thence, second course, north two degrees, fifty-four minutes east six hundred eleven and fifty-three-hundredths feet to corner No. 3, a fir post four and one-half inches square, five feet long, marked 3 - 2287, in mound of earth and stone;

Thence, third course, north seventy-eight degrees, twenty-five minutes, seventeen seconds west one thousand four hundred eighty-two and fifteen-hundredths feet to corner No. 4, a tamarack post four inches square, four and one-half feet long, marked 4 - 3 - 2287, in mound of earth and stone;

Thence, fourth course, south two degrees, fifty-four minutes west five hundred sixteen and fifteen-hundredths feet to corner No. 1, the place of beginning; the survey of the lode claim, as above described, extending one thousand four hundred ninety-six and fifty-six-hundredths feet in length along said Maggie M. vein or lode

Beginning, for the description of the 98 Fraction lode claim, at corner No. 1, a tamarack post four inches square, four and one-half feet long, marked 1 - 2287, in mound of earth and stone, from which said quarter section corner bears south fifty degrees, fifteen minutes, forty-two seconds west seven thousand three hundred thirty-two and ninety-five-hundredths feet distant;

Thence, first course, south seventy-eight degrees, twenty-five minutes, seventeen seconds east forty-one and twenty-eight-hundredths feet to corner No. 4 of said Maggie M. lode claim; one thousand five hundred feet to corner No. 2, a white pine post five inches square, four and one-half feet long, marked 2 - 2287, in mound of earth and stone;

Thence, second course, north eight degrees east three hundred forty and fifteen-hundredths feet to corner No. 3, a white pine post five inches square, four and one-half feet long, marked 3 - 2287, in mound of earth and stone, from which discovery bears south thirty-five degrees west two hundred thirty and seventy-four-hundredths feet distant;

Thence, third course, north eighty-four degrees, six minutes west one thousand four hundred ninety-eight and five-hundredths feet to corner No. 4, a balsam post five inches square, four and one-half feet long, marked 4 - 2287, in mound of earth and stone;

Thence, fourth course, south eight degrees west one hundred ninety-one and fifty-nine-hundredths feet to corner No. 1, the place of beginning; the survey of the lode claim, as above described, extending one thousand five hundred feet in length along said 98 Fraction vein or lode:

Beginning, for the description of the New York lode claim, at corner No. 1, a tamarack post four inches square, four feet long, marked 1 - 2287, in mound of earth and stone, from which said quarter section corner bears south forty-seven degrees, twenty-two minutes, eleven seconds west six thousand four hundred sixty-three and thirty-two-hundredths feet distant;

Thence, first course, south seventy-six degrees, thirty-eight minutes, ten seconds east seven hundred fifteen and forty-three-hundredths feet intersect line 1 - 2 of said Survey No. 2285, at south eleven degrees, twenty-seven minutes, ten seconds east seven and thirty-seven-hundredths feet from corner No. 2; seven hundred sixteen and twenty-two-hundredths feet intersect line 1 - 2 of Survey No. 2061, the Port Arthur lode claim, at south sixteen degrees, fifty-one minutes east one hundred fourteen and four-hundredths feet from corner No. 1; nine hundred twenty-two and eighty-two-hundredths feet to corner No. 2, identical with corner No. 1 of said Maggie M. lode claim, from which discovery bears north forty-five degrees, eleven minutes west four hundred one and ninety-three-hundredths feet distant, and corner No. 2 of said Survey No. 2285 bears north seventy-four degrees, forty-nine minutes west two hundred ten and six-tenths feet distant;

Thence, second course, north two degrees, fifty-four minutes east five hundred sixteen and fifteen-hundredths feet to corner No. 3, identical with corner No. 4 of said Maggie M. lode claim;

Thence, third course, north seventy-eight degrees, twenty-five minutes, seventeen seconds west forty-one and twenty-eight-hundredths feet to corner No. 1 of said 98 Fraction lode claim; fifty-seven and thirty-two-hundredths feet to corner No. 4, a tamarack post four inches square, three feet above ground, marked 4 - 2287 and 2 - 1737, in mound of earth and stone, identical with corner No. 2 of Survey No. 1737 the Good Enough lode claim;

Thence, fourth course, south seventy degrees, forty-two minutes west nine hundred eighteen and ninety-four-hundredths feet to corner No. 5, a balsam post four inches square, four and one-half feet long, marked 5 - 2287, in mound of earth and stone, situate on line 5 - 1 of said Survey No. 2061, at north eighty-four degrees, seventeen minutes west six hundred sixty-six and sixty-three-hundredths feet from corner No. 1;

Thence, fifth course, south two degrees, fifty-four minutes west ten feet to corner No. 1, the place of beginning; the survey of the lode claim, as above described, extending nine hundred fifteen and nine-tenths feet in length along said New York vein or lode; - expressly excepting and excluding from these presents, all that portion of the ground, hereinbefore described, embraced in said mining claims or Surveys Nos. 2061 and 2285, and also all veins, lodes and ledges, throughout their entire depth, the tops or apexes of which lie inside of such excluded ground; the premises, herein granted, containing thirty-two and ninety-nine-hundredths acres, more or less:

NOW KNOW YE, That there is therefore hereby granted by the United States unto the said Pacific Mining and Milling Company and to its successors and assigns, the said mining premises hereinbefore described, and not expressly excepted from these presents, and all that portion of the said Maggie M., 98 Fraction and New York veins, lodes, or ledges, and of all other veins, lodes, and ledges through their entire depth, the tops or apexes of which lie inside of the surface boundary lines of said granted premises in said Survey No. 2287, extended downward vertically, although such veins, lodes, or ledges in their downward course may so far depart from a perpendicular as to extend outside the vertical side lines of said premises: Provided, That the right of possession to such outside parts of said veins, lodes, or ledges, shall be confined to such portions thereof as lie between vertical planes drawn downward through the end lines of said Survey No. 2287, so continued in their own direction that such planes will intersect such exterior parts of said veins, lodes, or ledges: And provided further, That nothing herein contained shall authorize the grantee herein to enter upon the surface of a claim owned or possessed by another.

TO HAVE AND TO HOLD said mining premises, together with all the rights, privileges, immunities, and appurtenances of whatsoever nature thereunto belonging unto the said grantee above named and to its successors and assigns forever; subject, nevertheless, to the above-mentioned and to the following conditions and stipulations:

First. That the premises hereby granted, with the exception of the surface, may be entered by the proprietor of any other vein, lode, or ledge, the top or apex of which lies outside of the boundary of said granted premises, should the same in its dip be found to penetrate, intersect, or extend into said premises, for the purpose of extracting and removing the ore from such other vein, lode, or ledge.

Second. That the premises hereby granted shall be held subject to any vested and accrued water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs used in connection with such water rights as may be recognized and acknowledged by the local laws, customs, and decisions of the courts. And there is reserved from the lands hereby granted a right of way thereon for ditches or canals constructed by the authority of the United States.

Third. That in the absence of necessary legislation by Congress, the Legislature of Idaho, may provide rules for working the mining claim or premises hereby granted, involving easements, drainage, and other necessary means to its complete development.

IN TESTIMONY WHEREOF, I, Theodore Roosevelt, President of the United States of America, have caused these letters to be made Patent, and the seal of the General Land Office to be hereunto affixed.

and said Hattie and Klondike lode claims, Survey No. 2215, and also all veins, lodes, and ledges, throughout their entire depth, the tops or apexes of which lie inside of such excluded ground; the premises herein granted, containing two hundred forty-four and six hundred fifty-five thousandths acres.

NOW KNOW YE, That there is, therefore, pursuant to the laws aforesaid, hereby granted by the United States unto the said Hector Mining Company, Limited, the said mining premises hereinbefore described, and not expressly excepted from these presents, and all that portion of the said veins, lodes, or ledges, and of all other veins, lodes, and ledges throughout their entire depth, the tops or apexes of which lie inside of the surface boundary lines of said granted premises in said survey extended downward vertically, although such veins, lodes, or ledges in their downward course may so far depart from a perpendicular as to extend outside the vertical side lines of said premises: Provided, That the right of possession to such outside parts of said veins, lodes, or ledges shall be confined to such portions thereof as lie between vertical planes drawn downward through the end lines of said survey so continued in their own direction that such planes will intersect such exterior parts of said veins, lodes, or ledges: And provided further, That nothing herein contained shall authorize the grantee herein to enter upon the surface of a claim owned or possessed by another.

TO HAVE AND TO HOLD said mining premises, together with all the rights, privileges, immunities, and appurtenances of whatsoever nature thereunto belonging, unto the said grantee, always named and to its successors and assigns forever; subject, nevertheless, to the above-mentioned and to the following conditions and stipulations:

FIRST. That the premises hereby granted shall be held subject to any vested and acquired water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs used in connection with such water rights, as may be recognized and acknowledged by the local laws, customs, and decisions of the courts, and there is reserved from the lands hereby granted a right of way thereon for ditches or canals constructed by the authority of the United States.

SECOND. That in the absence of necessary legislation by Congress, the Legislature of Idaho, may provide rules for working the mining claim or premises hereby granted, involving easements, franchises, and other necessary means to its complete development.

IN WITNESS WHEREOF, I, Warren G. Harding, President of the United States of America, have caused these Letters to be made Patent, and the Seal of the General Land Office to be hereunto affixed.
